

## Bring It To Jesus

A rocky road, a heavy load  
Got to wonderin' if you'll ever get over.  
Your journey's slow, your faith is low,  
And you're wonderin' who will take the time  
To get you back on your feet  
Turn your bitter to sweet.  
Jesus knows  
All the burdens that you bear.  
He will take the time to care.

### Chorus

Anybody got a heart that will not mend?  
Are you tryin' to live a life you can't defend?  
Are you in a battle that you just can't win?  
Bring it to Jesus.  
Anybody got a problem they can't solve?  
Anybody got a hole in their resolve?  
Remember in His hands the world revolves.

You only learn when you've been 'burned,  
Aren't you wonderin' if you'll ever get over?  
What will it take? One more mistake  
If you worried how to waste your time.  
You think nobody can see  
Camouflaged misery?  
Jesus knows  
All those things you hide from Him.  
He died for everyone of them  
So cast your every care on Him.
