

# **NOBODY HOME**

Heart

Don't run too fast  
Like a shot from a gun  
Don't jump too high  
And knock out the sun  
Don't stray too far  
Our on your own  
When you fin'lly come knockin'  
When you fin'lly come knockin'  
There'll be nobody home  
Nobody home

Don't pull too hard  
Like a kite in the wind  
You're gonna break the string  
When I reel you in  
Don't take off flyin'  
All on your own  
When you fin'lly come knockin'  
When you fin'lly come knockin'  
There'll be nobody home  
Nobody home

You say you're feelin' locked inside  
Stuck inside to stay  
You wanna fly away  
There's nothin' I can really do  
To help you make your play  
Make your get-away

Don't dream too wild  
And shoot for the moon  
Don't ride your heart  
Like a balloon  
Don't blow away  
To places unknown  
'Cause when you fin'lly come knockin'  
When you fin'lly come knockin'  
There'll be nobody home  
Nobody home
